purpose of assisting the family *however* where it is considered necessary for the welfare and protection of a child, information will be shared with the appropriate authority and families will be kept informed of Home-Start's actions unless to do so would put the child at greater risk of harm

4. Local Partnerships and Procedures

Protecting children is a shared responsibility. In order to fulfil its responsibilities in promoting the welfare and safety of children Home-Start:

- maintains effective links with organisations working with children and their families within the community
- participates in local partnership arrangements designed to protect children and promote their wellbeing
- takes part in local multi-disciplinary training and integrated working in order to maintain an up- to- date understanding of local processes and to take up appropriate opportunities for professional development
- is aware of, holds current information on and works within the requirements of the local procedures followed by statutory and voluntary agencies
- identifies a local child protection/safeguarding adviser to support and advise the scheme with regard to local issues and procedures for protecting children. In some schemes this adviser is a nominated trustee who undertakes local and HSUK training in order to fulfil that role.

5. Managing Allegations

Government is clear that all children, no matter what situation they are in, should be protected from abuse. If staff, volunteers or trustees see or hear anything which causes them to have concerns or to suspect that a child is being abused by someone within Home-Start they should follow the procedures

- if the allegation is against a trustee, member of staff or volunteer, the concern should be reported to the appropriate line manager, the scheme's Strategic Lead (normally the senior worker) and the Chair of Trustees immediately and to Home-Start UK
- the scheme's Strategic Lead, if not the subject of the concerns, is primarily responsible for taking all reasonable steps necessary to secure the safety of any child who may be at risk, by, for example, removing the person who is the subject of the allegation from any situation involving children. S/he will be supported by the safeguarding/child protection team and by the Local Authority Designated Officer (LADO – England)
- the Chair of Trustees and/or senior member of staff are responsible for liaising with the police/LADO, Children's Social Care about allegations
- it is important to remember the scheme's protocols for confidentiality and only those with a need to know should be privy to the details of the situation. This is particularly so for allegations of sexual abuse
- paper and electronic records relating to the allegation should be made secure to prevent them being removed or changed
- irrespective of the action by Children's Social Care (England or Police, trustees should inform Home-Start UK and follow the appropriate procedure which will normally include without prejudice suspension of the trustee, staff or volunteer
